To all our Customers

OBJECT: Declaration referred to Machinery Directive (2006/42/EC)

Dear Customer,

As known the above mentioned European directive is referred to the different industrial components and to their classification with regard to the Machinery Directive.

Referring to the **“CETOP Position Paper on the Implementation of the Machinery Directive 2006/42/CE in the Fluid Power Industry”**, available on our web site www.artec-pneumatic.com, ARTEC SRL confirms that the following list, including our productive range, describes the pneumatic components that are excluded from the scope of the Machinery Directive, which has to be applied with effect from Dec. 29th 2009:

- Pneumatic cylinders
- Pneumatic grippers
- Reservoirs

We remain at your complete disposal for any further information.

Best Regards

ARTEC SRL

Gallerani Claudio
(Technical Manager)
